July 5, Bat has wired Promoter Jimmy Coffroth that be will take on "Cyclone Johnny" Thompson for a 99-round bout Johnny Thompson for a 99-round bout at 133 ringside before the Colma club. Nelson thinks no difficulty will be en-countered, as Thompson has been clamoring for a crack at the Dane. Here is the tentative schedule arranged by the Hegewisch fighter: May 29—"Fighting Dick" Hyland, 45

rounds, 133 ringside.

July 5—"Cyclone Johnny" Thompson, 99 rounds, 133 ringside, September 6—Packey McFarland, 45 rounds or more, 133 pounds four hours

before entering the ring, \$5,000 re quired as a side bet. September 21-Twelve weeks' the-

atrical tour at \$1,250 a week, with privflege of canceling. Nelson has left for Denver, where be will stop off for a few days, and

then proceed to the coast to start training for the Hyland affair. Nelson justifies his action in refus ing to meet McFarland with the fol-

lowing explanation: "I had agreed to meet Packey, but since he and his manager are so gay about my not being able to raise a \$5,-000 forfeit, which there is no need of posting so long in advance, they can wait while I clean up a few thousand

If I fought McFarland on July 5 and beat him Thompson would not be the card he will be on July 5, while McFarland will keep. By beating Mc-Farland just before my theatrical season starts I will get a better percentage. I figure the Thompson fight ought to be worth \$10,000 and the theatrical engagement as much more."

SOMETHING ABOUT WINNER OF THE KENTUCKY DERBY

Wintergreen, the winner of the Ken-tucky Derby run at Churchill Downs, Louisville, Monday afternoon, is the first of the get of Dick Welles, the former mile champion of the thoroughbreds, to win a classic event on the turf. By landing the Kentucky Derby Wintergreen gets into the aristo-cratic circles of the American turf and reflects the greater credit upon his

Up to this winter Dick Welles held the world's record for a circular mlle, and by sending a Derby winner to the post a mooted question in breed-ing has been settled, as most horse-men were doubtful whether any of the Dick Welles' get could carry their speed further than a mile and win. Brooklyn, May 8 .- A three-cornered fight between Lennox of Brooklyn on one side and Knabe and Gleason of Philadelphia on the other, nearly caused a rlot at the Brooklyn game with Philadelphia, here today.

In the fifth inning Knabe, going to third base on Titu's single, spiked Lennox, although he appeared to have Lennox resented the act by striking Knabe on the jaw. Knabe hit back and the two clinched. Gleason, who was on the coaching line jumped in, but before the fight became general, cooler players separated the combatants. All three were ordered out of

As Gleason walked to the bench a spectator in one of the boxes threw a paper wad and a pop bottle at him. A special policeman who started to ar rest the players' assailant was inter-fered with by the spectators while many of the crowd of 12,000 rushed on the field. But a swarm of police-mon and detectives who were critical men and detectives who were outside the grounds rushed in at this point and quelled the disturubance.

The game then proceeded quietly, Philadelphia winning, 8 to 2, batting Scanlon freely. Deninger, who replac-

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acrid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause.
